SUBJECT: Request to maintain Report in file

The Undersigned is forwarding a report generated by Sgt Michael Stack #2248 in reference to domestic issues that have been occurring with the mother of his son. The mother is a sworn member of the Chicago Police Department. Sgt Stack was queried as to how he wanted to handle the situation he referenced in his report. Sgt Stack indicated that at this time he does not wish to initiate a departmental investigation and he only wishes that a copy of his report be maintained in his disciplinary file maintained by the Bureau of Internal Affairs.

Subject: Information for IAD

R/Sgt has a 7 year old son [REDACTED] with Po Christine Alessi #3109 and has court ordered visitation with him. R/Sgt is married and has two other children ages 14 and 15. All communication with Christine ALESSI is done through text messaging. Today's date above was R/Sgt's day to spend with his son, [REDACTED] demanded a return time of 1630 which is before the court ordered return time of 1700 which ALESSI is well aware of. When R/Sgt texted that he was taking [REDACTED] to a festival(Norridge Fest) with his family and could not make it to her home in Lincoln Park by 1630, ALESSI became irate and, in response to her demand, threatened R/Sgt via saved text at 1142 hrs "Do not push me, Mike..." R/Sgt is concerned because ALESSI has previously stated "I work for the big boys way above you, and all it takes is one call from me and you're done, so watch your step." ALESSI then proceeded to harass R/Sgt's senior citizen parents by "crank calling" their home phone(1221hrs) and hanging up.(verified by computer printout) ALESSI has harassed R/Sgt's parents by phone in the past and has been warned to never call their home. A case report was generated during a 2005 interview with R/Sgt's parents by an IAD investigator to document the incident.(HL603431) ALESSI was advised via text by R/Sgt that his parents are afraid of her and not to call their residence again. ALESSI then threatened via saved text at 1500hrs "Have them(parents) put another bullshit case report on me and I will take every last one of you to civil court." R/Sgt and his parents are extremely worried about ALESSI'S future actions due to her obvious instability and the fact that she carries a weapon. ALESSI then threatened via saved text at 1219 hrs to do a "Well Being Check" at R/Sgt's home in order to interfere with R/Sgt's plans and visitation. A "Well Being Check" would involve unnecessarily sending Police Officers to the home of R/Sgt and his wife. R/Sgt is extremely concerned with the threatening texts of ALESSI because she has created fictitious allegations in the past(2005/2006) which led to an Order Of Protection against R/Sgt. Said Order Of Protection was immediately vacated on the first court hearing and ALESSI was admonished in open court by Judge Drella Savage because of the obviously fabricated accusations. This caused R/Sgt thousands of dollars to defend along with problems and embarrassment within the Chicago Police Department. I am worried about the mental state of ALESSI as she had admitted years ago to having "Bipolar Disorder" which she refuses to take medication for. I am extremely afraid that, at any given time, ALESSI will again fabricate allegations against R/Sgt in order to disrupt his life and that of his family.
